

Class Read

Flat Stanley by Jeff Brown

R.E.

Hear

Children will listen to the story of how Jesus was baptised and his time in the wilderness.

They will also explore the parable of the Lost Sheep.

Believe

They will learn that Jesus's parables are simple comparisons that help people to know about God. And that Jesus can bring healing in different ways.

Live

The children will learn that it is important to say sorry when we are wrong and show this by our actions..

Celebrate

How Catholics say sorry to God in prayers.

English

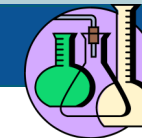

The children will create their own warning tale based on the story 'Kassim and the Greedy Dragon'

The children will:

- Deepen their understanding of a text by using questions
- Retell the story using actions and a story map
- Order the events of the story
- Invent a question to ask the Greedy Dragon
- Define nouns and adjectives
- Sort parts of speech
- Identify adjectives in familiar text
- Create their own story map to support their writing

Science

Materials

The children will learn about different materials and their properties. They will investigate how certain materials are used to make specific items and explore materials around the classroom and school.

Mathematics

Recognise and make equal groups

Begin to recognise and use the multiplication symbol

Learn their 2, 5 and 10 times tables

Use arrays

Make multiplication sentences

History

1665— 1666

Children will explore:

Historical sources and how they allow us to learn about the past.

Research Eyam Village and how it was affected by the plague.

Write an eye witness account of what life was like during the plague.

Look at the spread of the Great Fire of London.

Compare two diary accounts of life during the fire.

Useful Websites

Learn about suffixes and play the quiz:

<https://www.bbc.co.uk/bitesize/topics/z8mrxwx/articles/zwgbcwx>

Click the link to a web page with a variety of books read aloud by authors:

Range of science games and activities:

<https://wowscience.co.uk/>

Personal Social and Relationship Education

The children will be encouraged to notice similarities and celebrate differences with each other and between girls and boys on physical, emotional and spiritual levels. The children will meet 'Super Susie' and help to teach her about how to take care of herself. They will know that their bodies are a special gift from God that they need to take care of

Notices

- Please ensure that your child's uniform is clearly labelled with their name
- Please could you provide a box of tissues to help with our coughs and colds, - thank you.
- If your child has any old books that they no longer read could they please be donated to our class reading area – thank you.

Many thanks for all your support.

Music

On this Island

The children learn simple songs about the seaside, countryside and city. They will then develop and perform a simple composition based on what they have heard..

Design Technology

Making a Monster - Levers

The children will explore levers, linkages and pivots through existing products and experimentation, and use their research to construct and assemble a moving monster.

PE

The children will learn about teamwork and communication and use these skills to complete tasks. They will also focus on running, jumping, throwing and what happens to our bodies during exercise.
