Believe

Baptism is the first sacrament for the forgiveness of sins. It unites Christians with Jesus Christ who dies and rises and strengthens the gifts of the Holy Spirit. Belief in God as the sustainer and source of the universe is compatible with the scientific account of the beginnings of the universe and the theory of evolution.

Celebrate

The symbols in the sacrament of Baptism point to a Christian's new life in Christ.

The church teaches that the Nicene Creed allows all believers to make a common statement of their faith.

Live

Many scientists are Christians and they do not see any conflict between their faith and science. The work of Catholic scientists in contributing to the scientific account of the beginnings of the universe (e.g., the work of Mendel and Lemaitre). The ways in which some sin is social and embedded in social structures.
